ABOUT ME

As a litigator, I value my clients above all else, and that’s why they value me.

The litigation process can be quite contentious, and often involves complex legal and business issues regarding a wide variety of disputes. Whether you are the plaintiff or defendant in your case, it is my responsibility to counsel you throughout the process, and use all of the tools at my disposal to successfully prosecute or defend the matter.

You can trust me for sophisticated, expeditious counsel and know that I will:

- fully listen to understand your needs and concerns;
- quickly distill what is important from the universe of facts in the dispute; and
- zealously advocate for you to the judge or jury.

I enjoy the challenge of the fight. I will make your cause my issue and be your champion as well as your trusted advisor. You can expect honesty, reliability, and results.

CLIENTS SAY:

“John exudes confidence without arrogance. He is calm and reassuring throughout contentious litigation.”

“He goes all in...he’s an unstoppable force.”
