HENSON EFRON

ABOUT ME

Though I am retired from active practice, I am passionate about serving my community in areas aligned with my legal experience with a focus on healthcare policy and regulation.

My career has been devoted to representing a broad cross-section of individuals and businesses, plaintiffs and defendants, in business litigation in federal and state courts, and more recently, in professional disciplinary and regulatory matters in the healthcare industry. I received my J.D., with honors, from the University of North Carolina at Chapel Hill School of Law and served in the United States Army as a combat engineer.

I am currently serving on:

- Minnesota Drug Formulary Committee, 2014–present; Chair, 2020–present
- St. Louis Park Fire Commission, 2015–present; President 2015, 2018, 2021, 2024

Other Professional Regulatory Boards and Associations:

- Minnesota Board of Pharmacy, 2011–2023; President, 2014–2018; 2020–2023; Vice-President 2013
- National Association of Boards of Pharmacy, 2011–2023; Chair, Constitution and Bylaws Committee, 2018
- Minnesota Board of Medical Practice, 2018–2022; Chair, Policy and Planning Committee, 2019–2022
- Federation of State Medical Boards, Ethics and Professionalism Committee, 2021, Editorial Committee, May 2020–April 2021, Bylaws Committee, 2019–2020
- Minnesota Board of Nursing, 2010–2014; Vice President 2012–2014
- Minnesota Lawyers Board of Professional Responsibility, 2007–2012; Chair, Opinion Committee, 2008–2012
- Minnesota Client Security Board, 2014–2020; Chair, 2019–2020

Professional Accolades:

- Best Lawyers in America® – 2017 – 2025
- Minnesota Super Lawyers® – 2003–2005, 2008–2024
- Twin Cities Business Notable Heroes in Health Care Recipient, 2020
- Minnesota Physician 100 Most Influential Health Care Leaders, 2020

I look forward to serving on various boards and committees that lay the foundation for best practices, set guidance, rules and regulations, and manage compliance with professional standards. Please reach out to me if I can assist in that capacity.
